

NYDLA | NADLA: Living, Learning, Working, Playing - In The Clouds

NYDLA | NADLA Mission

To provide our growing global community with leading-edge **cost containment** and **growth strategies** in a collaborative “Think Tank” environment offering workshops, roundtables, webinars, podcasts, pilots, case studies, along with strategic initiative teams to advance the development of innovative methodologies.

NYDLA (and now NADLA) Community

NYDLA members are predominantly “in business” **at some level** - professionals who are responsible for containing costs, while growing their organizations (for-profit, not-for-profit, foundations, and public entities) ranging in size from “**solopreneurs and startups**” to companies with 80,000+ employees or members. These professionals can include CEOs, CFOs, COOs, HR Directors, Risk/Benefit Managers, Wellness Directors, Medical Directors, Informatics, Safety / Facilities Managers, Teachers, Engineers, among other professionals. **“Entrepreneurship” is now a college major in most Schools of Business.**

The NYDLA | NADLA community includes best-in-class, disruptive solution providers, national thought leaders, and leading-edge consultants and facilitators. Since 1983, 300+ of the Fortune 1000 and 46% of the Schools of Business (**and their alumni**) are within our active and growing community. The reason is simple: we provide **Knowledge, Technology and Talent** to help entities (of ANY SIZE) to grow and thrive in the global workforce and in the global economy.

NYDLA | NADLA also values partnerships (and **reciprocal relationships**) with other robust member-based organizations and trade associations. Since 1983, we have offered panels and other collaborative efforts at hundreds of conferences and events. We welcome other like-minded organizations to participate in our strategic initiatives. NYDLA NADLA **Executive Teams** and **Educational Events** produce education and solution development, audit/consultation, and strategies to deployment teams to assist our membership with the sourcing, procurement and implementation of the aforementioned solutions.

NYDLA | NADLA Vendors & Sponsorships (Bronze, Silver, Gold, Platinum, Sapphire)

NYDLA’s robust (exclusive, hand-picked) vendor sponsors bring new ideas, strategies, education, research and other collaborative benefits to our community.

Vendors & Sponsorships Benefits

1. Annual Term to build relationships with the NYDLA & NADLA community.
