New Jersey, USA

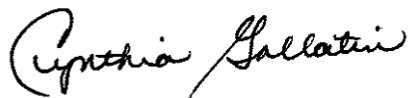

RE: www.NYDLA.org

Dear Tom:

I am delighted to confirm that Quinnipiac University will be the host location for the Connecticut portion of the NY/NJ/CT Chapter of USDLA (www.NYDLA.org). As a University that has been involved in online learning for over 10 years, our goal has been and continues to be focused on producing high quality online degree courses and programs. This spring, Quinnipiac University's School of Business was awarded the distinction of the Honor Roll for Top Online Graduate Business Programs from US News & World Report's first ranking of online programs.

I know that your efforts as the executive director of the NY/NJ/CT chapter of USDLA will help bring both educational, government and corporate elearning efforts to a new level in the northeast. I look forward to working with you later this spring. Please let me know if you have additional questions or if I may be of assistance.

Sincerely,

Cynthia Gallatin
Associate Vice President for Online Programs
Quinnipiac University
