Tom Capone  
CEO, MTP

Dear Tom,

Rutgers University is honored to serve as the host for New York and New Jersey chapter of the Distance Learning Association. As you know, Rutgers, the State University of New Jersey, has been expanding its fully online and hybrid courses at 20-25%/year over the last decade. We are anxious now to take this to the next level, forming the new Center for Online and Hybrid Learning and Instructional Technologies, to create an active community of practice for those actively involved in distance learning and conducting research on innovative new approaches to use of technology in the classroom that we can translate into practice. We're sure that our partnership with MTP and NYDLA can enhance these efforts.

We look forward to working together. If you have any further questions or I can provide any additional information, please do not hesitate to contact me

Sincerely,
